
INDICE ALFABETICO DELLE SPECIE TRATTATE E CITATE

In neretto sono indicati i numeri delle pagine corrispondenti alle schede. Sono esclusi dal presente indice i riferimenti ai nomi scientifici dei funghi citati nei testi di legge e nel questionario.

- aegerita, *Agrocybe* 13, 21, **22 - 23**, 114
aemilii, *Boletus* 54
aereus, *Boletus* **27 - 31**
aestivalis, *Agaricus* 44
aestivalis, *Boletus* **27 - 31**
affinis, *Macrolepiota* 77
Agaricus 11, 13, 16, **41 - 45**, 109, 110, 116, 123
Agrocybe 13, 21, **22 - 23**, 114
albidum, *Hydnum* 70
albidus, *Boletus*: v. *radicans*, *Boletus*
alboflocculosus, *Suillus* 58
album, *Tricholoma* 93, 94
alexandri, *Clitocybe* 66
Amanita 9, 18, 19, **46 - 48**, 75, 93, 100, 109, 110, 112, 123
appendiculatus, *Boletus* 11, **50 - 51**, 52, 53, 54, 116, 117, 119, 124
arenarius, *Boletus* 31
argyraceum, *Tricholoma* 102
Armillaria 21, **24 - 26**, 89, 90, 108, 109, 111, 114
Armillariella: v. *Armillaria*
arvensis, *Agaricus* **41 - 45**, 116
atrosquamosum, *Tricholoma* 103
aurantiacum, *Leccinum* **60 - 62**
aurantium, *Tricholoma* 15
auratum, *Tricholoma*: v. *equestre*, *Tricholoma*
aureola, *Amanita* 47, 112
auricula-judae, *Auricularia* **49**
Auricularia **49**
badhamii, *Leucoagaricus* 76
badio-rufus, *Boletus* 56
badius, *Boletus* **55 - 56** (= *badius*, *Xerocomus*)
badius, *Xerocomus* **55 - 56**, 119, 123
basirubens, *Tricholoma* 103
bellinii, *Suillus* 58
betulicola, *Boletus* 31
betulinus, *Piptoporus* 17
bisporus, *Agaricus* 13, 44, 123
bitorquis, *Agaricus* 11, **41 - 45**
bohémica, *Ptychoverpa* 82
Boletus 11, 21, **27 - 31**, 40, **50 - 62**, 112, 116, 117, **118 - 123**, 124, 126
bresadolanum, *Tricholoma* 99, 100, 102
bresadolanus, *Agaricus* 43
brunneoincarnata, *Lepiota* 76, 108
bufonium, *Tricholoma* 95
bulbosa, *Armillaria* 26
caesarea, *Amanita* 9, 18, 19, **46 - 48**, 109, 112, 123
Calocybe 16, **91 - 92**
calopus, *Boletus* 117
campestris, *Agaricus* **41 - 45**
campestris var. *squamulosus*, *Agaricus* 44
Cantharellus 10, 21, 25, **32 - 37**, 38, 39, 40, 69, 108, 110, 114, 123
candidus, *Leucopaxillus* 68
carpinaceus, *Boletus* 31
carpini, *Leccinum* 62
cepaestipes, *Armillaria* 26
cerussata, *Clitocybe* 113
chrysenteron, *Xerocomus* 119, 124
cibarius, *Cantharellus* 21, 25, **32 - 33**, 34, 37, 69, 108, 114, 123
cibarius var. *alborufescens*, *Cantharellus* 33
cibarius var. *amethysteus*, *Cantharellus* 33
cibarius var. *bicolor*, *Cantharellus* 33
cibarius var. *ferruginascens*, *Cantharellus* 33
cibarius var. *salmoneus*, *Cantharellus* 33
cingulatum, *Tricholoma* 103
cinereus, *Cantharellus* 36, 37, 39
cinereus, *Pseudocraterellus* 36, 37, 39
circinans, *Cudonia* 110
clavipes, *Boletus* 31
Clitocybe 16, **63 - 68**, 78, 79, 108, 112, 113
collinitus, *Suillus* 58, 59
collinus, *Marasmius* 79
Collybia 79
columbetta, *Tricholoma* **93 - 94**, 96, 109, 113
conica, *Morchella* **80 - 82**
conica, *Verpa* 82
cornucopiae, *Pleurotus* 11, **83 - 84**, 114
cornucopioides, *Craterellus* 21, 37, **38 - 39**, 123
corsicum, *Leccinum* 62
Cortinarius 18, 95, 96, 108, 111

crassipes, Morchella 80
 Craterellus 21, 37, **38 - 39**, 123
 crocipodium, Leccinum 62
 Cudonia 35, 36, 110
 dealbata, Clitocybe 79, 113
 deliciosus, Lactarius **71 - 74**, 115, 123
 depilatus, Boletus 52
 deterrimus, Lactarius **71 - 74**
 duriusculum, Leccinum **60 - 62**
 edodes, Lentinus 13, 123
 edulis, Boletus 10, 21, **27 - 31**, 50, 56, 112, 116,
 117, **118 - 123**, 124
 elata, Morchella 80
 Entoloma 63, 66, 92, 108
 equestre, Tricholoma **95 - 96**, 108
 eryngii, Pleurotus **85 - 86**
 eryngii var. ferulae, Pleurotus **85 - 86**
 esculenta, Morchella **80 - 82**
 esculenta var. rigida, Morchella 80
 esculenta var. rotunda, Morchella 80
 esculenta var. umbrina, Morchella 80
 esculenta var. vulgaris, Morchella 80
 esculenta, Volvariella 13
 essettei, Agaricus 44
 excellens, Agaricus 44
 fasciculare, Hypholoma 24, 90, 114
 fastigiata, Inocybe: v. rimosa, Inocybe
 fechtneri, Boletus 51
 felleus, Tylopilus 28, 117, 118, 119
 fissuratus, Agaricus 44
 Flammulina 13, 14
 flavovirens, Tricholoma: v. equestre, Tricholoma
 floccipes, Agaricus 44
 fomentarius, Fomes 18
 fragrans, Boletus 51
 friesii, Cantharellus 37
 fuligineosquarrosa, Macrolepiota 77
 Galerina 24, 89, 90, 108, 110
 gallica, Armillaria 26
 gambosa, Calocybe 16, **91 - 92**
 gausapatum, Tricholoma **101 - 103**
 geogenia, Hohembuehelia 85
 georgii, Tricholoma **91 - 92** (= gambosa, Calocy-
 be)
 geotropa, Clitocybe 16, **63 - 64**, 67, 108
 gibba, Clitocybe 64, 65
 gigantea, Clitocybe **67 - 68** (= giganteus, Leuco-
 paxillus)
 giganteus, Leucopaxillus 16, 63, **67 - 68**
 gigas, Gyromitra 81, 108
 granulatus, Boletus **57 - 59** (= granulatus, Suillus)
 granulatus, Suillus 17, **57 - 59**, 123
 granulatus fo. marchandii, Suillus 58
 groanense, Tricholoma: v. josserandii, Tricho-
 loma
 Gyromitra 81, 108
 hariolorum, Collybia 79
 helveola, Lepiota 75, 79, 108, 110
 holopus, Leccinum 62
 hortensis, Agaricus 13, 44
 Hydnum **69 - 70**
 Hypholoma 22, 24, 25, 90, 114
 ianthinoxanthus, Cantharellus 37
 imbricatum, Tricholoma 11, 40, **97 - 98**
 impolitus, Boletus 11, 40, **52**
 infundibuliformis, Clitocybe: v. gibba, Clitocybe
 Inocybe 78, 79, 102, 113
 involutus, Paxillus 112
 josserandii, Tricholoma 99, 100, 101
 konradii, Macrolepiota 77
 Krombholzia: v. Leccinum
 Kühneromyces **89 - 90**
 Lactarius 18, **71 - 74**, 106, 115, 119, 123
 lascivum, Tricholoma 93
 Leccinum 11, **60 - 62**, 119
 Lentinus 13, 123
 Leotia 35
 lepidum, Leccinum **60 - 62**
 Lepiota 16, 40, 45, **75 - 77**, 78, 79, 108, 110
 Lepista 63
 Leucoagaricus 45, 76
 Leucopaxillus 16, 63, **67 - 68**
 leucothites, Leucoagaricus 45
 lividum, Entoloma 63, 66, 92, 108
 luridus, Boletus 119, 124
 lutescens, Cantharellus 21, **34 - 37**, 110, 123
 luteus, Suillus 17, **57 - 59**, 123
 luteus, Boletus **57 - 59** (= luteus, Suillus)
 Lycoperdon 18
 macrocarpus, Agaricus 44
 Macrolepiota 40, **75 - 77**, 108
 macrosporus, Agaricus 44
 mamorensis, Boletus 31
 Marasmius 46, **78 - 79**, 113, 123
 marginata, Galerina 24, 89, 90, 108, 110
 mastoidea, Macrolepiota 77
 maxima, Clitocybe **64 - 65**
 mediterraneensis, Suillus 58, 59
 melaneum, Leccinum 62
 Melanoleuca 64
 melanoxeros, Cantharellus 37
 mellea, Armillaria 21, **24 - 26**, 89, 90, 108, 109,
 111, 114
 Mitrophora 82

molle, *Leccinum* 62
 Morchella **80 - 82**, 104, 108, 123
 muscaria, *Amanita* 46, 112
 muscigenus, *Cantharellus* 10, 36, 37
 mutabilis, *Kühneromyces* 24, **89 - 90**
 mutabilis, *Pholiota* **89 - 90**, 108, 114 (= *mutabilis*,
Kühneromyces)
 myomyces, *Tricholoma* **101 - 103**
 nameko, *Pholiota* 13
 naucina, *Lepiota* 45
 nebrodensis, *Pleurotus* 86
 nebularis, *Clitocybe* 66, 108
 nivescens, *Agaricus* 44
 olearius, *Omphalotus* 25, 32, 33, 83, 114
 olivacea, *Russula* 117
Omphalotus 25, 32, 33, 83, 114
 opuntiae, *Pleurotus* 86
 oreades, *Marasmius* 16, **78 - 79**, 113, 123
 orellanus, *Cortinarius* 108, 111
 orirubens, *Tricholoma* 103
 ostoyae, *Armillaria* 26
 ostreatus, *Pleurotus* 13, 84, **87 - 88**, 123
 paradoxus, *Leucopaxillus* 68
 pardinum, *Tricholoma* 99, 101, 103
 pardinum var. *filamentosum*, *Tricholoma* 100,
 101, 115
 Paxillus 112
 Peckiella 72
 pergamenus, *Lactarius* 72
 persoonii, *Boletus* 31
 pes-caprae, *Polyporus* 104, **105** (= *pes-caprae*,
Scutigera)
 pes-caprae, *Scutigera* 104, **105**
 phalloides, *Amanita* 47, 75, 100, 109, 110
 Pholiota 13, **22 - 23**, **89 - 90**, 108, 114
 piceinum, *Leccinum* 62
 pilatianus, *Agaricus* 43
 pinicola, *Boletus* **27 - 31** (= *pinophilus*, *Boletus*)
 pinophilus, *Boletus* **27 - 31**
 piperatus, *Lactarius* 72
 Pleurotus 11, 13, **83 - 88**, 114, 123
 Polyporus 104, **105**
 portentosum, *Tricholoma* **99 - 100**, 109, 113, 115
 procera, *Lepiota* 40, **75 - 77**, 108 (= *procera*, *Ma-*
crolepiota)
 procera, *Macrolepiota* 40, **75 - 77**
 procera var. *fuliginosa*, *Macrolepiota* 77
 procera var. *permixta*, *Macrolepiota* 77
 procera var. *pseudoolivascens*, *Macrolepiota* 77
 Psalliota 11, 41, 44 (= *Agaricus*)
 psammopus, *Tricholoma* 97
 Psathyrella 78
 pseudoalbum, *Tricholoma* 93
 pseudoregius, *Boletus* 54
 Pseudocraterellus 36, 39
 Ptychoverpa 82, 104
 puellaris, *Macrolepiota* 77
 pulchrotinctus, *Boletus* 50, 53, 54, 116, 119
 quercinum, *Leccinum* 60, 62
 rachodes, *Macrolepiota* 77
 rachodes var. *bohemica*, *Macrolepiota* 77
 radicans, *Boletus* 50
 regius, *Boletus* 11, 50, **53 - 54**, 116, 119
 repandum, *Hydnum* **69 - 70**
 reticulatus, *Boletus* **27 - 31** (= *aestivalis*, *Bole-*
tus)
 rhodopurpureus, *Boletus* 119
 rickenii, *Macrolepiota* 77
 rimosa, *Inocybe* 113
 rufa, *Boletus*: v. *Leccinum*
 rufescens, *Hydnum* 69, 70
 rugosoannulata, *Stropharia* 13, 14
 Russula 18, 71, 104, **106 - 107**, 109, 119
 salmonicolor, *Lactarius* **71 - 74**
 sanguifluus, *Lactarius* 72 - 74
 satanas, *Boletus* 116, 119
 scabra, *Boletus*: v. *Leccinum*
 scabrum, *Leccinum* **60 - 62**
 scalpturatum, *Tricholoma* 102, 103
 sciodes, *Tricholoma* 99, 100, 102
 sejunctum, *Tricholoma* 99, 100
 semilibera, *Mitrophora* 82
 semisanguifluus, *Lactarius* 72 - 74
 separans, *Boletus* 31
 silvicola, *Agaricus* 44
 sinuosus, *Cantharellus* 36, 37
 speciosissimus, *Cortinarius* 108, 111
 splendens, *Cortinarius* 95, 96
 spretus, *Boletus*: v. *aemilii*, *Boletus*
 squarulosum, *Tricholoma* 103
 Stropharia 13, 14, 78, 79
 subappendiculatus, *Boletus* 51
 subcibarius, *Cantharellus* 10, 36, 37
 sublateritium, *Hypholoma* 24, 25, 90
 substramineus, *Agaricus* 44
 Suillus 17, **57 - 59**, 123
 sulphurescens, *Tricholoma* 93, 94
 sulphureum, *Tricholoma* 95, 96, 108
 tabescens, *Armillaria* 21, 26
 tabescens, *Clitocybe*: v. *tabescens*, *Armillaria*
 tenuivolvatus, *Agaricus* 44
 terreum, *Tricholoma* **101 - 103**, 113, 115
 torminosus, *Lactarius* 115
Tricholoma 11, 15, 16, **91 - 103**, 108, 109, 113, 115

triste, Tricholoma **101 - 103**
tubaeformis, Cantharellus 21, **34 - 37**, 123
tubaeformis var. lutescens, Cantharellus 10, 35,
36, 37
Tylopilus 28, 117, 118, 119
undulatus, Pseudocraterellus 36, 37
vaccinum, Tricholoma 97
varicolor, Leccinum 62
vellereus, Lactarius 72
velutipes, Flammulina 13, 14
venenata, Macrolepiota 40, 77, 108
venturii, Boletus 31
verna, Amanita 109, 110
Verpa 82, 104
versipelle, Leccinum 62
vinosus, Lactarius 72 - 74
virescens, Russula 104, **106 - 107**, 109
virgatum, Tricholoma 99, 100, 102
virosa, Amanita 93, 110
volvacea, Volvariella 13
Volvariella 13
vulpinum, Leccinum 62
xanthodermus, Agaricus 43, 116
Xerocomus 55 - 56, 119, 123, 124.
